DCD Submission Timeline

SUBMISSION TIMELINE 2017

This is the thesis examination timeline for 2017.

ACTIVITY	DATE
Last day to submit draft thesis for examination	Monday 18 September 2017
Thesis sent to examiners (allow min. 4 wks)	Wednesday 20 September 2017
Thesis returned from examiners	Friday 20 October 2017
Submit final bound copies submitted to me	Friday 3 November 2017
Final results entered on University record	Friday 10 November 2017
Graduation Ceremony	11am Saturday 4 December 2017

Students need to be aware that examiners' commitments are, at times, unpredictable. Allowing only 4 weeks for the examination of your thesis is an optimistic view as the timeline above does not allow for any unforeseen problems. But, in order to graduate at the December ceremony, the dates above reflect the very latest deadlines. There is no room to grant extensions. Students will run the risk of not attending the ceremony if submitting after 18 September 2017.
