per DDS student group to attend one local OR international conference (not both) during the period of candidature on behalf of the group.
4. Up to \$3,000 may be awarded for attendance at a local and/or international conference over the duration of the whole course. These funds can be used for registration fees to
attend and present at virtual conferences as well. Please note that you may choose to use the maximum funding amount for one conference or use the maximum amount across multiple conferences.
5. Should a student convert from one course to another (eg. from a MPhil to a PhD), the above rules still apply i.e. a student will only be entitled to apply for funding for one
Overview international and one local conference during their entire candidature as a postgraduate student.
6. Applicants must either be presenting a poster or giving an oral presentation at the conference. (Note: presenting a case report is NOT considered as presentation of research).
7. Students are expected to become members of the professional association in their field of study in order to obtain discounted conference registration and any other conference
related discounts. The Melbourne Dental School will reimburse amounts up to the member rates for conference registration. Amounts in excess of member rates will need to be paid by the student.
8. Applicants must consult with their supervisor prior to submitting an abstract to the conference organizers. Applicants must provide a copy of the conference program and their
proposed/accepted abstract with their application. Abstracts must state your affiliation with the Melbourne Dental School.
9. The travel grants are awarded on a competitive basis and will be judged on the summary of the proposed presentation. PhD and Masters applicants will be given highest priority.
10. The grants are to be used for travel expenses, accommodation and registration for such conferences. Sundry expenses (including food) are not included.
11. Melbourne Dental School will only fund travel from Melbourne to conference location return. Other or personal travel undertaken as part of travel to a conference will be at the
expense of the student. Students must obtain the most economical flight but also provide a quote for travel for Melbourne to conference destination return as this is the amount that will be paid by the Melbourne Dental School.
12. No retrospective funding will be awarded.
13. Staff who are also Research Higher Degree students are not eligible to receive this funding.
14. It is expected that PhD students will attend at least one international conference during their candidature.
